

COMPASS GUIDE

RECESSED WALL

Designed for indoor wayfinding, Compass Guide fixtures are set cleanly within architectural surfaces, providing clear, legible guidance across circulation spaces. Suitable for corridors, stairways, walkways, and transitional areas, Guide is available in round and square forms, with a minimalist faceplate and configurations for new construction and remodel applications. Low-level illumination supports visual comfort and intuitive movement.

HOUSING

NCBB - New construction back box	NCH - New construction housing with bar hangers

RM - Remodel

Spacing Recommendations

Recommended spacing dimensions for best uniform light distribution across the floor and to minimize shadows between fixtures.

Dimensions not to scale, for visualization purposes only.

Remote Driver

Remote driver box distance to first fixture *				
Wire AWG	12	14	16	18
A	150'	150'	125'	75'

* The distance from the remote driver box to the first fixture depends on the spacing between fixtures. These values are based on a distance of up to 36" between fixtures.

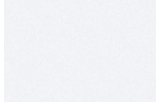

COMPASS GUIDE

RECESSED WALL

Photometrics

Values calculated based on 3500K.

ROUND

W	LM	LM/W
2 W	78	39
3 W	103	34

SQUARE

W	LM	LM/W
2 W	74	37
3 W	100	33

MULTIPLIER

Please follow the multiplier table to ensure correct lumen value. CCT will change the lumen value.

CCT	
1800K	0.84
2200K	0.93
2700K	0.98
3000K	1
3500K	1
4000K	1.03
5000K	1.03

Technical Specifications

LIGHT SOURCE

Custom array of mid-flux LEDs available in 1800K, 2200K, 2700K, 3000K, 3500K, 4000K, and 5000K with 90+ CRI with elevated R9 value. Color consistency is maintained to within 2 SDCM. All LEDs have been tested in accordance with IESNA LM-80-08 and the results have shown L80 lumen maintenance greater than 60,000 hours. Absolute product photometry is measured and presented in accordance with IESNA LM-79, unless otherwise indicated.

ELECTRICAL

Unless otherwise specified, dimming down to 1%. At maximum driver load: efficiency > 84%, PF > 0.9, THD < 20%.

Integral: No dimming

Remote: 0-10V, DALI

PoE

Depending on the PoE manufacturer selected, Lumenwerx will install the node in factory as either integral to the luminaire, or as a remote module. Factory programming of the PoE node may or may not enable the following functionalities: lumen package, DUO (tunable white), QUADRO (RGBW), emergency battery backup, and sensor integration. These must be addressed and evaluated on a case-by-case basis.

FINISH

Standard powder-coat paint available in matte white and black. Custom colors are also available. Optional antimicrobial finish.

CONSTRUCTION

Housing: Die-cast aluminum

Faceplate: Die-cast aluminum

Lens: Acrylic

Mounting frame: Galvanized sheet metal

Back box: Galvanized sheet metal

Remodel: Galvanized sheet metal

WEIGHT

Back box: 0.95 lbs - 0.43 kg

Mounting frame: 2.36 lbs - 1.07 kg

Remodel: 0.38 lbs - 0.17 kg

CERTIFICATIONS

ETL: Rated for indoor dry/damp locations. Conforms to UL Standard 1598 and certified to CAN/CSA Standard C22.2 No. 250.0.

IC rated: Suitable for direct contact with insulation when specified with NCH installation type option.

WARRANTY

Lumenwerx provides a five-year limited warranty on electrical and mechanical performance of the luminaires, including the LED boards, drivers, and auxiliary electronics. Lumenwerx will repair or replace defective luminaires or components at our discretion, provided they have been installed and operated in accordance with our specifications. Other limitations apply, please refer to the full warranty on our website.
