

Lumenwerx 

Selka

SHARP LINES.
SOFT LIGHT.

Selka

With angular end caps, a deep interior channel, and balanced proportions, Selka presents a crisp, clean profile. Its widespread uplight, comfortable downlight, high efficacy, and generous output contribute to Selka's practicality.

CONFIGURATIONS

Standalone
Continuous Runs

Selka Pendant, HLO

Selka can be installed as **discrete luminaires** or **continuous runs**.

Optics

Selka offers two distinctive downlight options: a regressed High-Efficiency Lambertian Optic and regressed parabolic louvers, in either specular or matte finish. Both options combine visual comfort with good cut off and a soft downlight distribution.
