

IMPORTANT: Installation instructions are shown with Reven and applies to Reven and Camber fixtures

1

Unscrew and remove the dust cover (A) if provided.

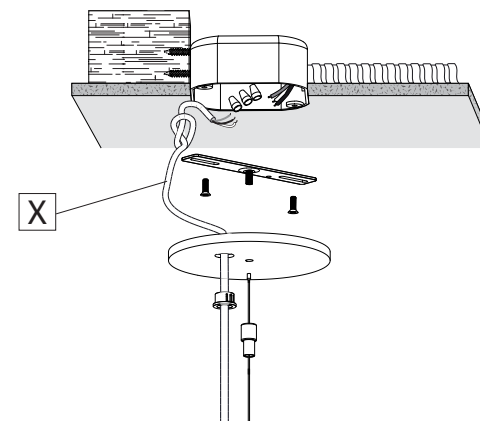

2

Install the lamps (B) and put back the dust cover (A) back in place.

3

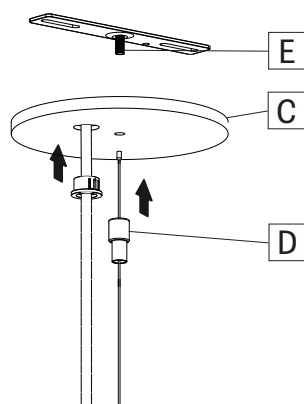

SINGLE FIXTURE

Locate ceiling mounting points according to supplied client drawing. Make a knot in the power cord (X) and then connect it to the ceiling power feed.

4

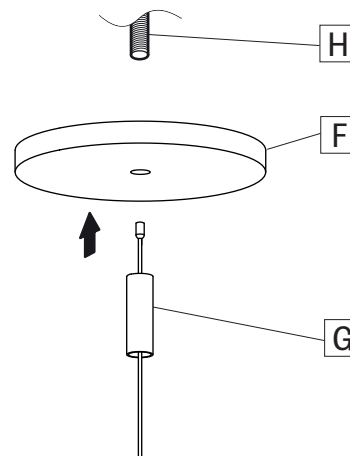

POWER SIDE

Secure canopy (C) with slip ring (D) on threaded rod (E). For a continuous system, please proceed to step 8.

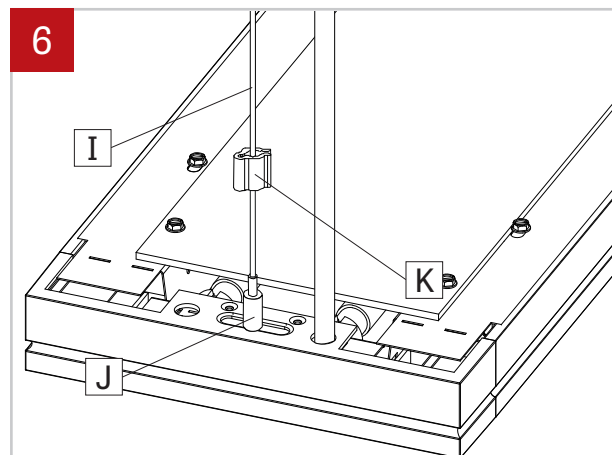

5

NON-POWER SIDE

Secure canopy (F) with cable coupler (G) on crimp strud (1/4"-20) (H) (by other).

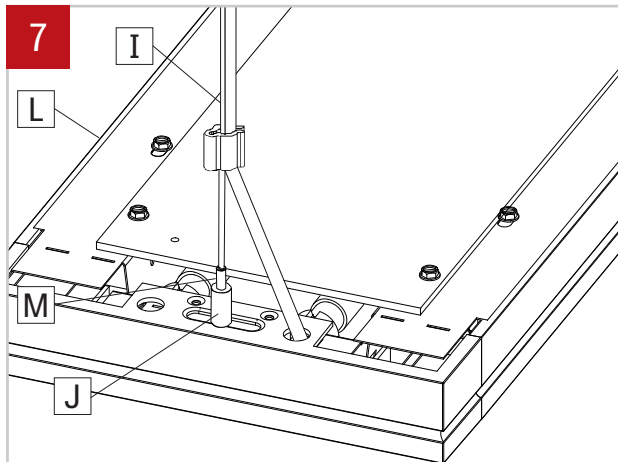

6

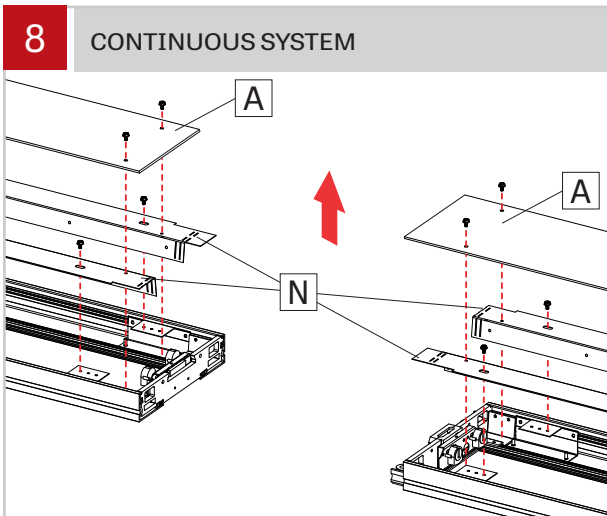

Insert the aircraft cable (I) into the cable gripper (J) and repeat on both sides of fixture. Secure power cord to aircraft cable with plastic clip (K).

REVEN-CAMBER FLUORESCENT

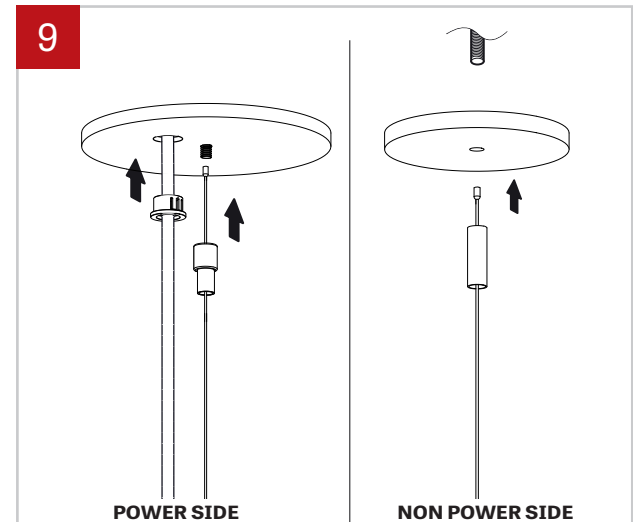

PENDANT CABLE - INSTALLATION

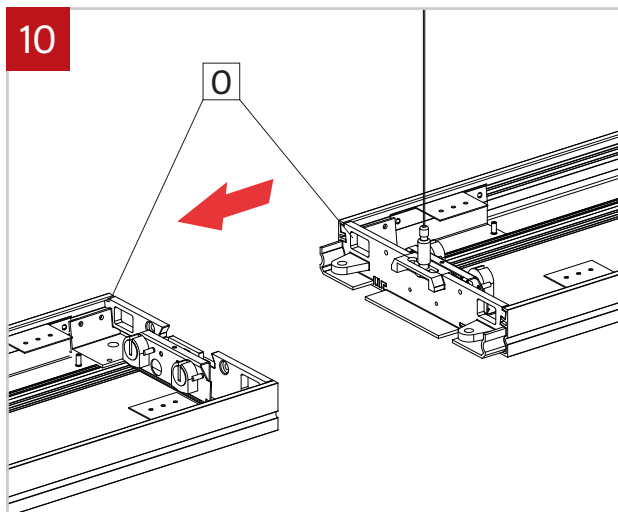

Level fixture (L) using the cable grippers (J). To adjust the cable (I) height, push the feeder tube (M) downward.

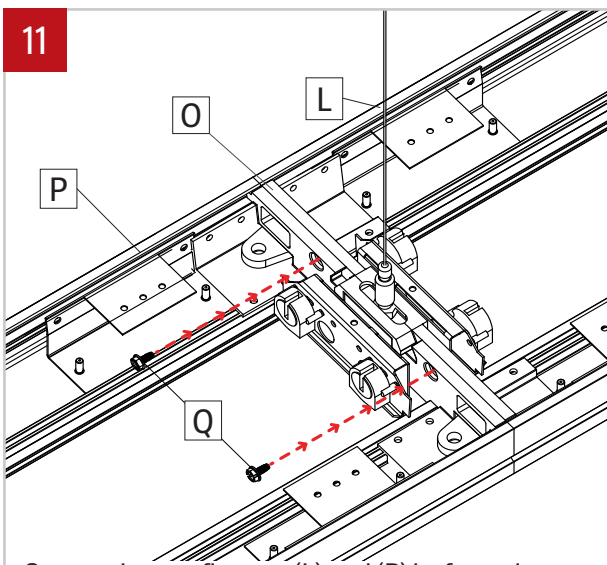

For a continuous system, remove the dust cover (A) if provided and the side reflectors (N) using the included tool. Repeat for all fixtures in the run.

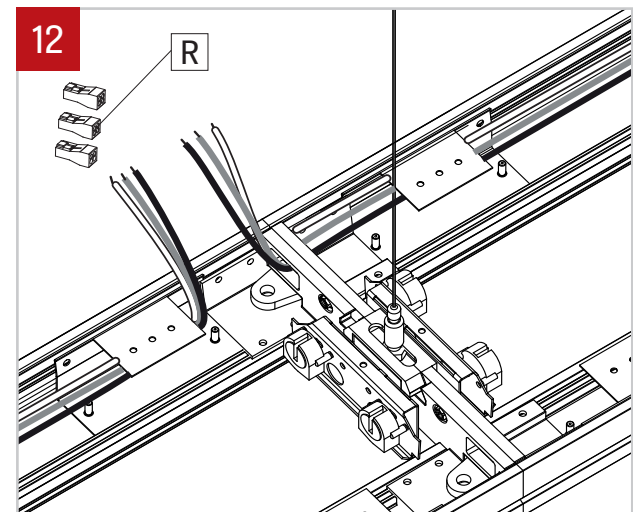

Repeat steps 3 to 5 for all mounting points. Repeat steps 6 for the first two fixtures.

Align the joiners (O) and connect the fixtures.

Secure the two fixtures (L) and (P) by fastening security screws (Q) to the joiners (O).

Connect wires between joining fixtures using quick connectors (R). Repeat for all other fixtures in the run.
