

IMPORTANT: Installation instructions are shown with Reven and applies to Reven and Camber fixtures

1 SINGLE FIXTURE

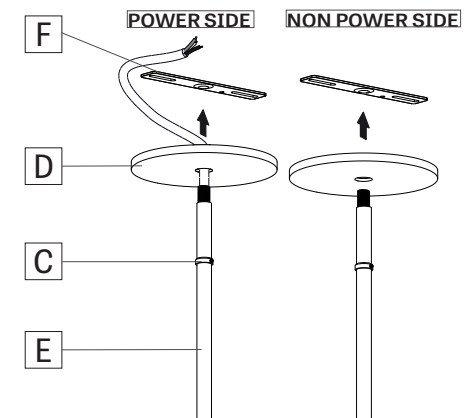

Unscrew and remove the dust cover (A) if provided.

2

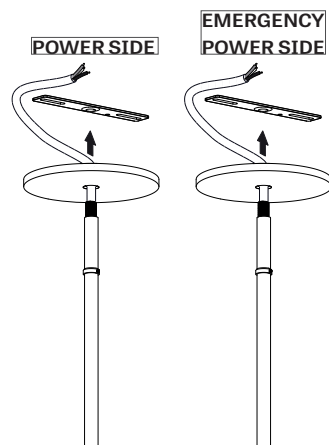

Install the lamps (B) and put back the dust cover (A) in place.

3 SINGLE FIXTURE

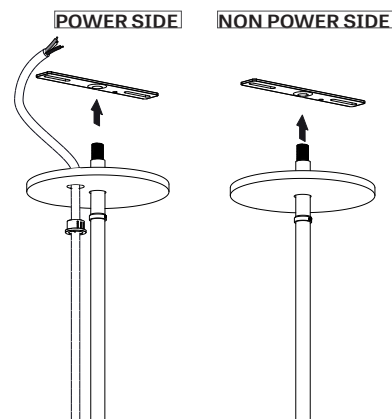

Make sure that the power to the fixture is turned off. Slide the slip ring (C) and the canopy (D) onto the stem (E) and leave some space. Screw the junction box crossbar (F) onto the stem (E).

4 FOR EMERGENCY CIRCUIT

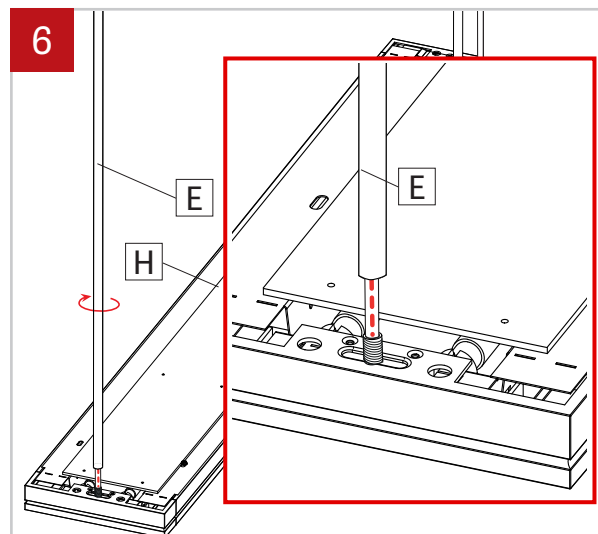

In the case where an **emergency circuit** is required, the wires to the emergency circuit will be passed through a second stem.

5 FOR FIXTURE IN GRID CEILING

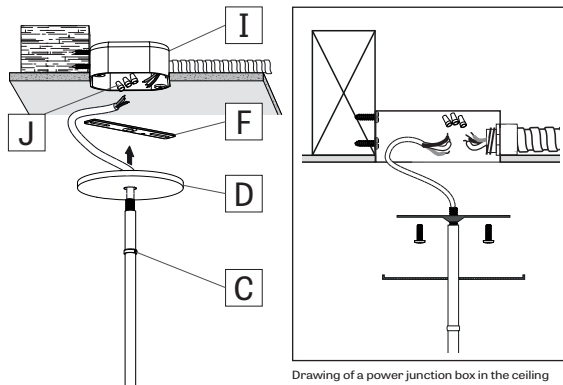

In the case where the luminaire is installed on a **grid ceiling**, the power cable will pass outside of the stem.

6

Screw the stems (E) onto the nipple at the ends of the fixture (H).

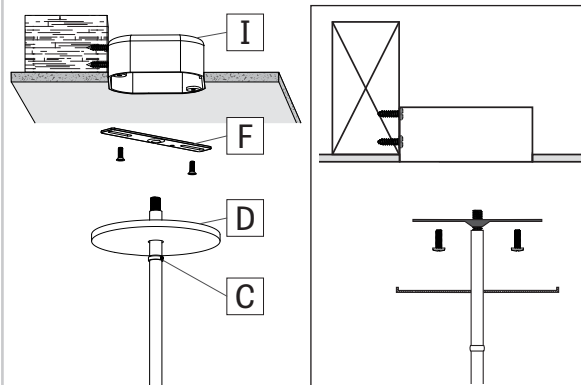

7 POWER SIDE

Drawing of a power junction box in the ceiling

Raise the fixture and tighten the junction box crossbar (F) with screws to the junction box (I). Make wire connection with wire connectors (J). Then slide the canopy (D) and tighten the set up with the slip ring (C).

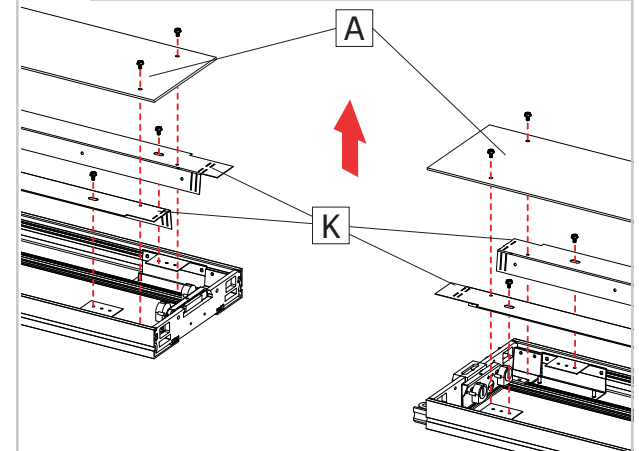

8 NON-POWER SIDE

Drawing of a non power junction box in the ceiling

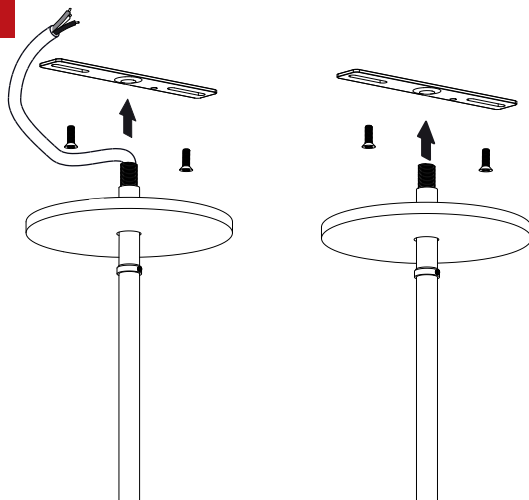

Raise the fixture and tighten the junction box crossbar (F) with screws (by others) to the junction box (I). Then slide the canopy (D) and tighten the set up with the slip ring (C).

9 CONTINUOUS SYSTEM

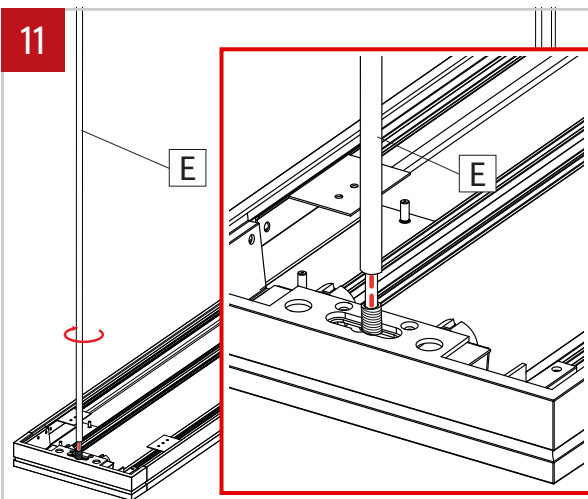

For a continuous system, unscrew and remove the dust cover (A) if provided and the side reflectors (K). Repeat for all fixtures in the run.

10

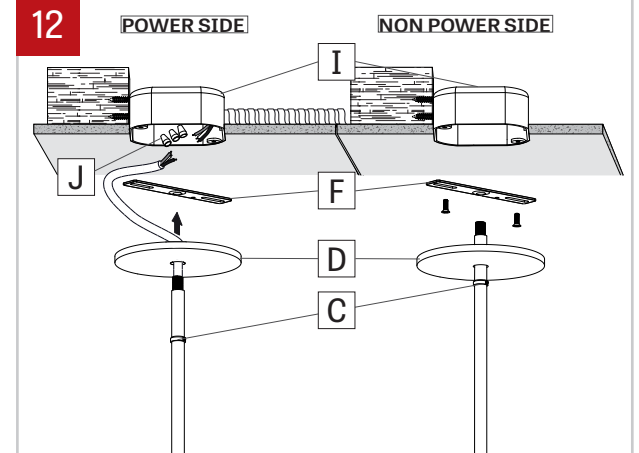

Repeat steps 3 to 5 for all mounting hardware.

11

Screw the stems (E) at the ends of the first two fixtures and on the joiner.

12

Raise the fixtures and tighten the junction box crossbars (F) with screws to the junction boxes (I). Make wire connection on the power side with wire connectors (J). Then slide the canopies (D) and tighten the sets up with the slip rings (C).
